Have fun!</p>	<p>Join in Jo Wicks' PE Lesson.</p>
--------	--	---	---

Dear Parents,

Over the last few months you have done such an amazing job at home schooling your children, there were probably tough days along the way, but you have got through it! We have been so impressed with all the amazing work that has been sent to us and are super proud of the children.

We are delighted to be teaching your children again in Year 4, we feel like we have been on such a unique and special journey together and we are very fond of them all. We know every one of them so well and will be able to nurture and look after them as they return to school. Plus, we know exactly what they have 'missed' academically and will focus on this throughout next year.

Mrs Hickey is having a sabbatical, but we know she will really miss the children and will want to know all the details about how they are getting on, so Mrs Howell will give her weekly updates!

Both you and the children need a much-earned break, however if your child could do a bit of English and Maths over the summer holidays that would be brilliant. Along with this week's worksheets we have included a file of 'Summer Activities' for them, plus [White Rose has a Week 12](#) which we haven't used and BBC Bitesize and Oak Academy lessons will still be available online, if you wish to use them. We are conscious that they have missed a lot of school and this will really help give them a boost before they return in September. We will still be checking our email year3@sebertwood.co.uk over the summer if you want to send us anything, although we might not be as quick at responding as we are now.

Have a wonderful summer break and stay safe.

Kind Regards

Year 3 Team
